Library Wraps Up Hometown Teams Exhibit

During December and January, the Fremont Area District Library hosted Hometown Teams: a Smithsonian exhibition made possible by the Michigan Humanities Council, the Smithsonian, and the U.S. Congress. Over 3,000 people walked through the doors of the exhibit and viewed the artifacts on display from the Smithsonian and our local hometowns of Fremont, Grant, Hesperia, White Cloud, and Newaygo.

It was clear from the exhibit that *"Our love of sports begins in our hometowns. We play them on ball fields and sandlots, on courts and on ice, in parks and playgrounds, even in the street. From pick-up games to organized leagues, millions of Americans of all ages play sports. Win or lose, we yearn to compete and play another day."*

A full schedule of speakers complimented the exhibit by highlighting everything from Detroit Tigers' baseball to the wondrous beauty of hiking the Great Lakes.

Library Director Ray Arnett commented: "We were very excited to be a part of the tour of this fantastic exhibition highlighting the American culture of sports. The library is extremely grateful to all of the volunteers who helped set up the exhibit, host groups, and guide people through the space – it was a fantastic success!"

The library would also like to thank the volunteers who lent the library various artifacts, photos, and clippings to help build our local exhibit of sports memories. Do you have a story to share about sports? The library will continue to collect stories of your memories as well as stories of how the exhibit impacted you or your family. Send stories and feedback to fadl@fremontlibrary.net.

Hometown Teams: How Sports Shape America

Fremont Area District Library Presents

LIVE!
@ the Library

GVSU Veterans History Project
A Team of Their Own (Film)

Thursday, March 23 @ 7:00 p.m.

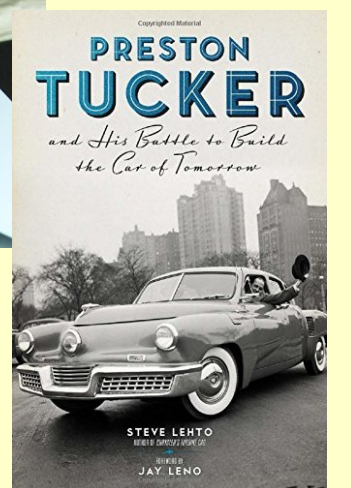

Celebrate Women's History Month with *A Team of Their Own*; a documentary that accurately and wonderfully recounts the history of the All-American Girls Professional Baseball League from its inception in early 1943 through the present. The use of period action clips, stills, music, numerous player interviews, and in-depth historical sources are artfully interwoven with the meticulous narrative.

The documentary captures the league's evolution, how well the players performed as professionals, what they enjoyed and endured, and what they gained from their league experiences. Player comments used to tell and embellish the league's story also nostalgically convey how much the players loved, and loved to play, the game of baseball.

Michigan Notable Author Steve Lehto
Preston Tucker and His Battle to Build the Car of Tomorrow

Thursday, April 6 @ 7:00 p.m.

Preston Tucker and His Battle to Build the Car of Tomorrow tells the story of the man who tried to start his own car company after World War II. He promised an advanced car at an affordable price but his enterprise was shut down before he could build more than 51 cars. Was he merely trying the impossible or were there darker forces operating against him? Steve Lehto has written a dozen books and has a weekly column at RoadandTrack.com. This is his fourth Michigan Notable book.

Libraries Transform: Celebrate National Library Week

April 9-15

The Fremont Area District Library joins libraries in schools, campuses and communities nationwide in celebrating National Library Week. Across the country, today's libraries are transforming lives and communities every day by providing patrons safe spaces to engage in civic discussions, tools to access and evaluate online news sources, services to meet the needs of a digitally evolving society and collaborating with teachers to foster student success. To celebrate the contributions of our nation's libraries and library workers, thousands will commemorate National Library Week, April 9 – 15, 2017. Libraries Transform is the theme for this year's National Library Week, reminding the public that libraries are expanding beyond their traditional roles and providing opportunities for community engagement and services that connect closely with patrons' needs.

One of the most amazing things about libraries is how they change and evolve in response to shifts in technology and people's needs and wants. Libraries still provide traditional services, but continue to change in dynamics by offering a wide array of resources – both critical (free computer and access to internet, databases and e-government, career and employment resources) and enjoyable (e-books, digital media, genealogy and history services, DVDs, and CDs).

Who's on Board?

Friends of FADL Board Directory:

 Beth Mooy Representative to Lib. Bd.

FADL Board Meeting Dates - 2017

All meetings are held at 4:00 p.m. in the Conference Room on the third Tuesday of each month.

** Meetings are open to the public. **

January 17	February 21	March 21
April 18	May 16	June 20
July 18	August 15	September 19
October 17	November 21	December 19

At their November Board Meeting, the Friends of the Fremont Area District Library approved funding of \$4,570 for a Wish List presented by the staff of the Library for new books.

The Friends donated funds to replace some classic children's fiction, as well as add some popular children's paperbacks and picture books. As in prior years, the Friends will be supporting the upcoming Summer Reading Program by purchasing prize books for the finishers in the children's program.

The Wish List also included funds for adult large print books and non-fiction books in the subject areas of sports, journalism, and folklore.

For the teen area, the Friends will be giving non-fiction books in the areas of health, careers, and job resources. In addition, both the adult and teen areas will add some popular graphic novels using wish list funding.

"We are so grateful for the generosity and all the hard work that the Friends do for the library and this donation allows us to enhance our collection and truly makes our wishes come true," said the director, Ray Arnett.

The Friends are able to provide these funds to the library through faithful support by their members, sales at the Friends gift shop in the library as well as funds earned at the Book Sales during the Baby Food Festival and in the winter.

Friends of the Fremont Area District Library
Annual Meeting
Wednesday, May 10, 2017
12:00 p.m.

During January, a large number of residents took the opportunity to view the 30th annual January Series at The Dogwood Center. The 2017 edition of Calvin College's award-winning January Series featured a wide range of experts leading some of the most pivotal and timely discussions in the nation and the world.

During the noontime series, 15 speakers provided insight into issues like systemic racism in America, the gender gap in technology, healthcare delivery and the cycle of poverty, among many others.

A few of the featured presenters for the 2017 lineup included Doris Kearns Goodwin, a world-renowned presidential historian and Pulitzer Prize-winning journalist; Gary Haugen, CEO and founder of International Justice Mission, and Matthew Desmond, co-founder of the Justice and Poverty Project and the recipient of a MacArthur "Genius Grant."

The Friends of the Fremont Area District Library volunteered their time to purchase and sell related books during each day of the series. Area residents were able to view the series and then buy books by the speakers following the presentation.

If you missed one of the speakers, come in to the library and check out their book(s). In addition, don't forget that the library carries many DVDs of past speakers in the January Series. Thanks to the gracious support of the Dogwood Center, the Fremont Area Community Foundation, and the Friends of the Library for making these items available.

Children's Events

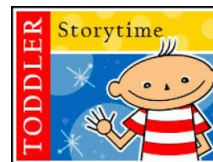

Storytimes - Preschool (ages 3-5)

The Spring session of our Preschool Storytimes runs through Thursday, April 13th. Join us for great times with stories, movies, songs and crafts.

Tuesdays @ 1:30 p.m. · Thursdays @ 10:30 a.m.
